

absolutist

## Absolutist Ltd is...

- an established entertainment company
- a team of professional outsource developers
- a multiplatform application producer (including Windows, Mac, Flash, iPhone/iPad and social games)
- a reliable business partner ready to discuss any proposition
- a broad casual game network

## Company Overview

Absolutist is one of the leading game developers and publishers of casual games. The company is situated in Dnepropetrovsk, Ukraine. Absolutist company is on casual games market since 2000 and keeps growing each year in terms of production capacity and areas of developing new business relations and expanding the list of titles and services provided to our partners.

Currently, over 70 professionals in programming, design, multimedia and marketing are working for the company. Absolutist is a creative and experienced team which has proved reliable in developing various entertainment applications. The company research group is working on the implementation of the modern gaming technologies such as video control, motion capture, etc. Absolutist operates a broad casual games network, the largest sites being Absolutist.com and Wellgames.com. The unique feature of all our brand titles is the game engine that allows to port the games to different platforms without any difficulties.

Our titles portfolio includes games for Windows, Mac, Flash, Linux, Android, iPhone/iPad, Palm, PocketPC, Windows for Smartphone, Symbian (series 60), Symbian UIQ and J2ME platforms.

Nowadays Absolutist specializes in developing games for PC, Mac and iPhone/iPad, as well as Flash multiplayer online games and social games (for such social networking sites as Facebook, V Kontakte, etc.) We have developed over 100 C++ titles to date and about 150 Flash titles.
